

EARLY YEARS, CHILDCARE & EDUCATION

Early Years Educator Apprenticeship Level 3 Standard

THE BEST YOUNG CHILDCARE PROFESSIONALS! GET INTO CAREER MODE

The Benefits of an Apprenticeship

Apprenticeships offer great opportunities for people of all ages; an Apprenticeship is a job with training to industry standards, enabling you to enter a recognised occupation. All Apprenticeships are employer led, and as well as providing long term earnings, they also give you the ability to progress.

- You'll earn a wage as you're learning and are entitled to paid holidays.
- You can earn 10% more after studying on a Level 3 Apprenticeship than if you went straight in to work.
- 90% of apprentices remain in employment, either with their current employer or another company.
- 85% of employers participate in Apprenticeship programmes and consider them a good thing.
- You can train to post graduate level without incurring any university fees.
- By passing an independent End Point Assessment, you'll join thousands of people acquiring a modern and recognised qualification.

Apprenticeship Overview

Our Apprenticeship programmes will give you vital hands-on experience, learning from real life situations, with the guidance of industry professionals. You'll gain the skills and confidence needed to excel in your chosen career.

This course would suit you if you are currently working or looking to work in a role where you carry out regular child observations and deliver planned activities for children under five years.

It is aimed at those who have already completed the Level 2 Apprenticeship in Childcare, or who can demonstrate, through formal qualifications or relevant experience, a level of knowledge equivalent to that covered in Level 2. Level 3 Apprenticeships are particularly important if you wish to progress towards Nursery Management.

The course is a great way to build on your skills and gain a recognised qualification whilst also earning a salary.

What You'll Learn

Each Apprenticeship is exclusively tailored to your training needs because it is based around your daily tasks and duties. The Level 3 Early Years Educator Standard Apprenticeship is a combination of a NCFE: CACHE Level 3 Diploma in the Early Years Workforce (EYE) qualification and Portfolio Building towards an End Point Assessment.

While studying this course you will build on your skills in:

- Child Development
- Paediatric First Aid
- Listening to and Talking with a Young Child
- Child Psychology
- Providing a Safe and Hygienic Environment
- Play and Learning
- Learning Observations
- Early Years Foundation Stage

You will also be required to attend college once a month. This is to enable you to build a portfolio of evidence of your knowledge, skills and behaviours as an Early Years Educator. This portfolio will then be used at your End Point Assessment.

80% of your qualification will be gained in the workplace, although you may attend sessions in College that will cover the remaining essential areas of your training.

During your Apprenticeship, you will have a dedicated Work Based Tutor who will train you to industry standards; support your time in employment; and coach you to pass your End Point Assessment.

Entry Requirements

It is preferred you have English and Maths at grade 4 or above in GCSE however, apprentices without level 2 English and Maths will need to achieve this level prior to taking their End Point Assessment.

To complete an Apprenticeship you will need an employer who is willing to support you throughout your training. If you have not found one, we can help you with your search.

We'd like to see a proven track record of excellent attendance at work/school, along with a good reference from school/a previous employer.

How will I be Assessed?

You'll be assessed throughout your learning programme by a mixture of formal tests, workplace observations, portfolio building and self-assessment.

You will also participate in an End Point Assessment where you will undergo a professional discussion within the workplace with an approved assessor and complete a multi choice question exam.

Supporting Your Learning and Wellbeing

We have a range of dedicated support and wellbeing services including **FREE** travel, financial support, and impartial advice and guidance. Throughout your Apprenticeship, you'll also receive one-to-one support from your dedicated Work Based Tutor, helping you to achieve your ambitions.

Future Opportunities

Alongside your studies, you'll have a unique opportunity to be part of the **University of Bolton's EXCEED Programme**.

This will give you a range of additional skills and experiences, and includes masterclasses; university visits; access to industry experts; and mentoring and support with your university application, perfect for that next step into Higher Education.

On successful completion of this Apprenticeship, you could progress onto full-time employment, professional job-specific qualifications, Higher Apprenticeships or a degree programme.

Following further study you could work as:

- A Nursery Manager, earning up to £32,000 per year
- A Play Therapist, earning up to £45,000 per year
- A Teaching Assistant in school, earning up to £23,000 per year

Why Choose Us?

We're an elite College, and part of the University of Bolton Group, offering you a gateway to all of Greater Manchester's vast range of fantastic opportunities for specialist careers, university degree courses and higher Apprenticeships.
