The Benefits of an Apprenticeship

Apprenticeships offer great opportunities for people of all ages; an Apprenticeship is a job with training to industry standards, enabling you to enter a recognised occupation. All Apprenticeships are employer led, and as well as providing long term earnings, they also give you the ability to progress.

- You'll earn a wage as you're learning and are entitled to paid holidays
- You can earn 10% more after studying on a Level 3 Apprenticeship than if you went straight in to work
- 90% of apprentices remain in employment, either with their current employer or another company
- 85% of employers participate in Apprenticeship programmes and consider them a good thing
- You can train to post graduate level without incurring any university fees
- By passing an independent End Point Assessment, you'll join thousands of people acquiring a modern and recognised qualification.

Apprenticeship Overview

Our Apprenticeship programmes will give you vital hands-on experience, learning from real life situations, with the guidance of Health & Social Care professionals.

Adult Care Workers may work in residential or nursing homes, domiciliary care, day centres, a person's own home or some clinical healthcare settings.
