

The Benefits of an Apprenticeship

Apprenticeships offer great opportunities for people of all ages; an Apprenticeship is a job with training to industry standards, enabling you to enter a recognised occupation. All Apprenticeships are employer led, and as well as providing long term earnings, they also give you the ability to progress.

- You'll earn a wage as you're learning and are entitled to paid holidays.
- You can earn 10% more after studying on a Level 3 Apprenticeship than if you went straight in to work.
- 90% of apprentices remain in employment, either with their current employer or another company.
- 85% of employers participate in Apprenticeship programmes and consider them a good thing.
- You can train to post graduate level without incurring any university fees.
- By passing an independent End Point Assessment, you'll join thousands of people acquiring a modern and recognised qualification.

Apprenticeship Overview

Our Apprenticeship programmes will give you vital hands-on experience, learning from real life situations, with the guidance of industry professionals. You'll gain the skills and confidence needed to excel in your chosen career.

This Apprenticeship course will teach you the theoretical and practical aspects of a trade that can be taken anywhere in the world.

The course is a great way to build on your skills and gain a recognised qualification whilst also earning a salary.

Plumbing and Domestic Heating Technicians are at the forefront of installing new and exciting environmental technologies like heat pumps, solar thermal systems, biomass boilers and water recycling systems. It is important for a Plumbing and Heating Technician to be able to work independently or as part of a team and use their knowledge and skills to ensure that both the system and appliances are appropriately selected and correctly installed, often without any supervision, and done so in a safe, efficient and economical manner to minimise waste.

What You'll Learn

Your course will include a range of skills and techniques, including:

- Installing roofing backgrounds and components
- Installing pre-formed weathering flashings to roofs
- Installing single-lap roof coverings to a variable gauge
- Installing plain tile roof coverings
- Installing regular sized natural roof slate to stand roof details

You will also gain:

- Functional Skills Level 1 in maths & English, unless you have achieved grades 8-4 at GCSE or equivalent in the past five years
- Employee Rights & Responsibilities (ERR)

80% of your qualification will be gained in the workplace, although you may attend sessions in College that will cover the remaining essential areas of your training.

During your Apprenticeship, you will have a dedicated Work Based Tutor who will train you to industry standards; support your time in employment; and coach you to pass your End Point Assessment.

Entry Requirements

An employer to support you throughout your training. Good attendance and a good reference from school/ a previous employer plus a satisfactory level of English and maths.

How will I be Assessed?

You'll be assessed throughout your learning programme by a mixture of formal tests, workplace observations, portfolio building and self-assessment.

The programme will be covered by an end-point assessment.

Supporting Your Learning and Wellbeing

We have a range of dedicated support and wellbeing services including **FREE** travel, financial support, and impartial advice and guidance. Throughout your Apprenticeship, you'll also receive one-to-one support from your dedicated Work Based Tutor, helping you to achieve your ambitions.

Future Opportunities

Alongside your studies, you'll have a unique opportunity to be part of the University of Bolton's EXCEED Programme.

This will give you a range of additional skills and experiences, and includes masterclasses; university visits; access to industry experts; and mentoring and support with your university application, perfect for that next step into Higher Education.

On successful completion of this Apprenticeship, you could progress onto full-time employment, professional job-specific qualifications, Higher Apprenticeships or a degree programme.

On completion of this Apprenticeship, the apprentice will have satisfied the requirements to obtain a Construction Skills Certification Scheme (CSCS) Card at the appropriate level. As a result of achieving the Apprenticeship, there will be an entitlement to join the Federation of Master Builders' continuous professional development (CPD) scheme for individual tradespeople.

Following further study and experience you could work as:

- A Construction Site Supervisor, earning up to £40,000 per year.
- An Estimator, earning up to £60,000 per year
- A Roofer, earning up to £32,000 per year
